COLOUR LAB CAL
DESIGNED BY RACHELE CARMONA

COLOUR LAB CAL

This document contains all the information you will need to start the CAL, including Materials, Measurements, Gauge/Tension, Abbreviations, Special Abbreviations, Pattern Notes and Chart Notes. It also includes details on special techniques used in this pattern, and further information including skill level and the colorways. Practice any stitches you aren't familiar with during the week before Part 1 is released, and continue to refer to this document during each week of the CAL.

MATERIALS

Metropolis Version

Scheepjes Metropolis (75% Extra Fine Merino Wool, 25% Nylon; 50g/200m)
Yarn A: 025 Nice x 8 balls (+ 1 x 10g ball from colour pack)
Yarn B: 079 Munich x 4 balls (+ 1 x 10g ball from colour pack)
Yarn C: 069 Miami x 5 balls (+ 1 x 10g ball from colour pack)
Scheepjes Metropolis Colour Pack (75% Extra Fine Merino Wool, 25% Nylon; 80 x 10g/25m)
Yarns D-BBBB: see relevant colorway schematic (Schematics 1-3) or assign your own colors using the Colour Lab booklet (included in Official Scheepjes CAL Kits)
2mm crochet hook (for final round of Blanket border only)
2.5mm crochet hook
3mm crochet hook (for joining motifs in Part 8 only)

Scrumptious Version

Scheepjes Scrumptious (50% Recycled Polyester, 50% Acrylic; 100g/300m)
Yarn A: 302 Buttercream Icing x 6 balls (+ 1 x 30g ball from colour pack)
Yarn B: 380 Black Sesame Muffin x 3 balls (+ 1 x 30g ball from colour pack)
Yarn C: 301 Charcoal Ice Cream x 4 balls (+ 1 x 30g ball from colour pack)
Scheepjes Scrumptious Colour Pack (50% Recycled Polyester, 50% Acrylic; 80 x 30g/97m)
Yarns D-BBBB: see relevant colorway schematic (Schematics 1-3) or assign your own colors using the Colour Lab booklet (included in Official Scheepjes CAL Kits)
3mm crochet hook (for final round of Blanket border only)
3.5mm crochet hook
4mm crochet hook (for joining motifs in Part 8 only)

MEASUREMENTS

Metropolis Blanket measures approx. 160 x 142cm, blocked
Scrumptious Blanket measures approx. 176 x 198cm, blocked
Note: measurements per part and for some individual sections are given in each respective pattern part.

GAUGE/TENSION

Following measurements for Part 1 Motif forms your gauge swatch for this design; no separate swatch is made during the week before Part 1 is released.
Metropolis version: Part 1 Motif measures approx. 13.75 x 13.75cm before blocking
Scrumptious version: Part 1 Motif measures approx. 17 x 17cm before blocking

ABBREVIATIONS (US TERMS)

[ ] number of sts on a given round/row
2dc-cl 2 double crochet cluster: (yoh, insert hook in st/sp, yoh, pull up lp, yoh, draw through 2 lps) twice in same st/sp *(3 lps on hook)*, yoh, draw through all lps
3dc-cl 3 double crochet cluster: (yoh, insert hook in st/sp, yoh, pull up lp, yoh, draw through 2 lps) 3 times in same st/sp *(4 lps on hook)*, yoh, draw through all lps
2tr-cl 2 treble crochet cluster: *(yoh) twice, insert hook in st/sp, yoh, pull up lp, (yoh, draw through 2 lps) twice; rep from * once more in same st/sp *(3 lps on hook)*, yoh, draw through all lps
3tr-cl 3 treble crochet cluster: *(yoh) twice, insert hook in st/sp, yoh, pull up lp, (yoh, draw through 2 lps) 3 times; rep from * twice more in same st/sp *(4 lps on hook)*, yoh, draw through all lps

(.......) once/twice/x times work instructions between brackets the *total* number of times stated

SPECIAL ABBREVIATIONS

beg 2dc-cl beginning 2 double crochet cluster: (beg dc, 1dc) in same st/sp

beg 3tr-cl beginning 3 treble crochet cluster: beg tr, *(yoh) twice, insert hook in st/sp, yoh, pull up lp, (yoh, draw through 2 lps) twice; rep from * once more *(3 lps on hook)*, yoh, draw through all lps

Scheepjes
COLOUR LÄB CAL
DESIGNED BY **RACHELE CARMONA**

beg dc beginning double crochet: 1sc, ch1 (counts as 1 dc)
beg dc2tog beginning dc2tog: beg dc, 1dc in next st/sp (counts as 1 dc2tog)
beg dc3tog beginning dc3tog: beg dc, dc2tog (counts as 1 dc3tog)
beg dc4tog beginning dc4tog: beg dc, dc3tog (counts as 1 dc4tog)
beg dc6tog beginning dc6tog: beg dc, dc5tog (counts as 1 dc6tog)
beg pc beginning popcorn(s): (beg dc, 3dc) in indicated st/sp, remove lp from hook, insert hook front to back in ch of beg dc, place lp back on hook, draw lp through to close pc
beg tr beginning treble: 1sc, ch2 (counts as 1 tr)
bobble bobble stitch(es): (yoh, insert hook in st/sp, yoh, pull up lp, yoh, draw through 2 lps) 4 times *(5 lps on hook)*, yoh, draw through all lps
pc popcorn(s): 4dc in same st/sp, remove lp from hook, insert hook front to back through first dc, place lp back on hook, draw lp through to close pc
picot ch3, work 1sc in *side* of st at base of ch-3 (instead of in third ch from hook)

PATTERN NOTES
The Colour Lab Blanket is made up of four panels, each with two parts (eight parts total). Panel 1 (Parts 1 and 2) is worked complete, then rem three panels are joined to previous panel as you go.
Use Schematics 1-3 throughout for color placement for any sections where it is not given in the written pattern. Refer to all other schematics for guidance when joining sections, parts, panels etc. as well as to see how sections are laid out as you work join-as-you-go sections.
All beg/turning chs are omitted throughout due to relevant rows/rounds starting with beg sts that take this into account.
Pay close attention to RS/WS and turning instructions throughout, especially when new yarn is joined. Row-based sections **do not** always turn at the end of each row; this also applies to round-based sections.
When working edging or a border section evenly across row-ends, work 1 st in sc, 2 sts in dc, 3 sts in tr, and so on as a general rule, adjusting to meet st count at end of relevant row/round as given where required.
Weave in ends as instructed throughout to save time at end of project.
Join-as-you-go sections can be joined using another method if preferred; however, this may result in different yarn amounts used compared to the original design, and possibly running out of yarn in certain color(s).

CHART & SCHEMATIC NOTES
All joining schematics are created with right-handed crocheters in mind: if you are left-handed, please mirror all schematics for joining sections such that if a starting point is on the right-hand side, it will be in the corresponding position/stitch on the left-hand side.

SPECIAL TECHNIQUES
Flat Braid join method
This method is a variation on the PLT join, used to join motifs by working ch3 through ch-3 sps. Work as folls: *ch1, PLT join as follows: remove hook from lp, insert hook from front to back through corresponding ch-3 sp of adjoining motif, place lp back on hook, pull up lp to front of work (first PLT join complete), ch2 (first Flat Braid join complete), sk/work sts as indicated; rep from * to end

PLT join method (pull loop through join)
Use this method to join motifs as you go as folls: *remove hook from lp, insert hook from front to back through corresponding st/sp of adjoining motif, place lp back on hook, pull up lp to front of work (first PLT join complete), work st as indicated; rep from * to end

Ss join method (slip stitch join)
With yarn held at back and slip knot on hook, *insert hook from front to back through both lps of both sts to be joined, yoh, pull up lp to front of work, draw through lp on hook; rep from * in next sts to end

Neater double treble crochet stitches
Tall stitches like dtr can look looser than shorter stitches like sc, resolve this by wrapping yarn ('yoh' steps) around hook tightly and close to hook tip

VIDEO TUTORIALS
Esther from It's all in a Nutshell has created video tutorials for the Colour Lab CAL. You can find the videos on her YouTube channel:
https://www.youtube.com/channel/UCE1NRfRvkj_FaA6O7RXM9gw

COLORWAYS
There are five set colorways for this design, all created using a single Scheepjes Colour Pack. The colour packs contain a ball of yarn in each color of the full range, in smaller amounts than for the full-size range.

To create the unique colorways, the designer rearranged the placement of each of the 80 colors in the colour pack. Participants can either follow the designer's set colorways using Schematics 1-3 or rearranage the color placement themselves using the table included in the Colour Lab Booklet, only available within the Official Scheepjes CAL Kit. For participants who have not purchased an official kit, a downloadable pdf will be released to assist those who wish to experiment with color placement.
