

PRETTY LITTLE THINGS

Brush Your Teeth!

CROCHET, SEW AND KNIT

Dear Tooth Fairy...

*Easy repeated motifs
make this amigurumi
beginner-friendly*

BRUSH YOUR TEETH!

Do you believe in the tooth fairy? As a child, I was told “the tooth fairy gives an extra coin to children who keep their teeth pearly white”, so, I’d brush them well, night after night, until one got wobbly and fell out. I’d be so excited to place it inside a little pouch that went under my pillow; in the morning, there was always a shiny surprise! The door hanger (page 6) is a creative take on this tradition, and the super sized toothy toys (page 8) are fun items that will encourage little ones to brush their teeth. Our crocheted fairy (opposite) keeps this nostalgic custom alive – stitch by stitch, bring her to life!

CUTE TOOTH FAIRY AMIGURUMI

By LoLo Periwinkle

Gauge/Tension

Tension is not critical for this project, but different measurements may result in different yarn amounts needed

Measurements

Height: 30cm

Abbreviations (UK Terms)

[] number of sts on a given round/row

blo back loop(s) only: insert hook under back loop(s) only

ch(s) chain(s) or chain stitch(es)

dc2tog double crochet 2 sts together to decrease by 1 st: (insert hook in next st, yarn over hook, pull up loop) twice, yarn over hook, pull through both loops

dc double crochet

flo front loop(s) only: insert hook under front loop(s) only

fol follows/following

rep repeat/repeating

RS right side

ss slip stitch(es)

st(s) stitch(es)

tr treble crochet

(.....) x times work instructions between brackets the *total* number of times stated

Pattern Notes

Tooth Fairy pattern uses amigurumi method throughout (work in a spiral without closing each round with ss), unless otherwise indicated. For row-based sections, turn after each row.

To change colour, work final st in previous colour to last 2 loops on hook, yarn over hook with new colour and draw through previous colour to finish.

Instructions

WING (MAKE 2)

Using Yarn A, make magic ring.

Round 1 (RS) 6dc into ring. [6 dc]

Size 3 embroidery needle with sharp tip
A4 piece of cardboard
Glue stick + pink pencil

TOOTH FAIRY DOOR HANGER

By Liz Barraclough

Measurements

11 x 27cm

Pattern and Schematic Notes

Hanger is made from two layers of felt (forming Front and Back) and features a tooth-shaped Pocket with embroidery and an iron-on patch. Pocket is joined to Front using blanket stitch, Front and Back are then stitched together with Cardboard Insert sandwiched between. Refer to photo for placement of elements.

Refer to Simy's Studio blog for embroidery stitch instructions: bit.ly/simys-embroidery-tutorial. Schematic 1 below shows dimensions for Front, Back and Cardboard Insert. Schematic 2 (top right of page) shows the tooth-shaped Pocket at 100%.

Instructions

PREPARE FABRIC AND INSERT

Step 1 Fuse interlining to pieces of felt (follow manufacturer's instructions), then using Schematics 1-2, trace and cut out a Front and Back piece, one Cardboard Insert and one Pocket.

Step 2 Using black yarn, embroider eyes and mouth onto Pocket piece using stem or split stitches. Gently colour in cheeks using pink pencil.

Step 3 Position Pocket on Hanger, blanket stitch in place using white yarn, beginning at top left corner and ending at top right corner, leaving top edge open.

ASSEMBLY

Step 4 Fuse iron-on fairy patch to Front side of Hanger (follow manufacturer's instructions), then using gold yarn, work straight stitches to create the fairy dust and star details between the fairy's wand to the top right edge of Pocket.

Step 5 Apply thin layer of glue to one side of Cardboard Insert. Stick glued side of insert to Back piece of Hanger, then glue other side of insert and stick to Front piece of Hanger, ensuring insert is positioned centrally and edges align all around.

Step 6 Using gold or pink yarn, blanket stitch around hole and outer edges to secure layers.

TO FINISH

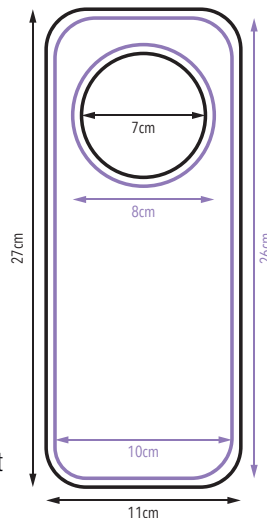

Place Hanger over bedroom doorknob, put a tooth in the Pocket and wait for the tooth fairy to arrive!

Schematic 1: Cutting Template

Note: measure rectangle using dimensions given, round off edges using mug or glass, position circle at desired height.

Rep from * to end of section 3 more times.

ASSEMBLY

Use photo as a guide.

Toothbrush

Join row ends down centre back of Toothbrush

Main Piece using mattress st. Cut two rectangular pieces of stiff cardboard, measuring 45 x 9cm.

Lay knitted piece over cardboard, then cut seven 1cm notches that correspond with shaped neck of Toothbrush. Slide cardboard pieces into Toothbrush and ease toy stuffing in between, being careful not to overstuff. Sew Toothbrush Base in place using mattress stitch.

Fold Bristle piece along knitted fold lines, join cast-off edge of Bristle Sides to row ends of main Bristle piece, then join row ends of Sides to row ends of main Bristle piece, leaving an opening for stuffing. Before stuffing, oversew complete Bristle section in place on top of Toothbrush, then insert stuffing, being careful to maintain rectangular shape. Close seam. Join row ends of Toothpaste, leaving an opening for stuffing. Lightly stuff then close opening. Oversew Toothpaste onto Bristles.

Tooth

Join row ends of Main Piece to beg of Root shaping using mattress stitch. Run a gathering thread through the cast-on sts and pull tightly to close.

Join row ends of Tooth Base to the beg of Root shaping. Gather cast-on sts to close. Oversew Base to Main Piece aligning points of Roots and leaving an opening for stuffing. Stuff Tooth.

Using a 30cm length of Yarn A, stitch through centre base of Tooth to centre top and back down again, pull thread to bring top of Tooth down slightly, then knot to secure. Using Yarn D, embroider features using straight sts and French knots, or create your own expressions!

Weave in any rem ends.

CLEVER CONSTRUCTION

It's possible to create circular shapes by working back and forth in rows

The Tooth toy may look tricky, but with the help of these photos, follow the pattern instructions and let the construction work its magic!
